Architectural Engineering Curriculum Notes

A letter grade of C or better is required for all prerequisite courses prior to taking subsequent departmental prefix courses. A letter grade of C or better is required for all graded departmental prefix courses applied to the degree.

Technical Electives

- Design electives are to be selected from the current approved department list. Minimum 9 hours, maximum 12 hours required.
- Engineering electives are to be selected from the current approved department list. Minimum 3 hours, maximum 6 hours required.
- Complementary electives are to be selected from the approved department list. Minimum 0 hours, maximum 3 hours required.
- Design, Engineering and Complementary elective information can be found at **are-cns.k-state.edu/undergrad/are** .
- A degree requirement for the Bachelor of Science in architectural engineering includes taking the NCEES FE Exam and reporting individual passing or non-passing results. This action is required as a course completion requirement for ARE 671 – ARE Capstone. Failure to provide the required information will result in a failing grade for ARE 671 and non-completion of the degree.
