Technical Electives

Technical electives must be comprised of the following:

- Either CIS 520-Operating Systems I, CIS 525-Introduction to Network Programming, or CIS 625-Concurrent Software Systems.
- A capstone experience consisting of either CIS 598-Computer Science Project, CIS 599 Cybersecurity Project, or the two-semester course consisting of CIS 642-Software Engineering Project I and CIS 643-Software Engineering Project II.
- Additional 500-level or higher CIS courses or other approved computing-related courses to bring the total number of technical elective credits to 12.

Electives

- Math and Natural Science electives must have departmental approval.
- Upper division electives may be any courses at the 300 level or above.
- Students who satisfy all or part of K-State Core Institutional Electives (Requirement #7) with courses that satisfy other degree requirements may use additional unrestricted electives to meet the degree requirement of 120 credit hours.
