Please note: All presentations will be 25 minutes long and should include case studies of sustainability focused projects involving municipal governments, non-profit organizations, and/or high-profile commercial initiatives that significantly impact local economies, ecologies and/or address issues of social equity in Midwestern communities.

Presented & hosted by:

Don't miss this opportunity to be part of the premier sustainability conference in the Midwest!

Hosted by the City of Dubuque, Iowa and Sustainable City Network, the conference is intended to teach leaders and staff how to create a balance between environmental, economic and social sustainability in five distinct tracks of programming.

This year's two-day event will be held in the same venue and immediately preceding the Iowa League of Cities' Annual Conference & Exhibit, an event that draws hundreds of city government officials from throughout the state.

Private-sector, for-profit companies that wish to present are asked to support our conference with one of several [sponsorship packages](#).

Sustainable City Network, Inc. (SCN) operates a business-to-government website (www.sCityNetwork.com), customized e-newsletters and interactive tools dedicated to providing municipal professionals with quality and timely information on sustainability products, services and best practices.
