

DUE Study Rooms

Instructions on how to use the room

To start the system just touch the display on/off button on control panel:

- This will turn on the TV. You can also control TV Volume from control panel.
- On the bottom row of the control panel select your input:
 - HDMI: Laptop HDMI connection
 - VGA: Laptop VGA connection
 - PC: Lab machine installed in wall: **WARNING:** Security software on this computer will erase all changes made on the next reboot. This includes any files or data you may have created. These lost files are non-recoverable. Please use attached USB cable to save to USB Drive.

- The Laptop cables are on top of the tables.
- Keyboard and Mouse are for the included desktop machine only. (Make sure they are turned on to function.)
- USB Cable for the desktop hangs below the middle of the TV. Please do not pull on the cable, it is as far as it goes. But you can plug a flash drive in for Desktop use.
