### To use the presentation computer:

- After powering on the television, if the computer is not displayed:
  - Press the mouse to wake up the computer, make sure Mice and Keyboard are switched on.
  - If the computer is awake but not displaying, locate the Television Remote located on the television stand and press the **Input** button until the computer is displayed on the screen.
  - Presentation Computer has most engineering software pre-installed

**WARNING:** Security software on this computer will erase all changes made on the next reboot. This includes any files or data you may have created. These lost files are non-recoverable. To use a network drive for your data, please use the "ENGG Login" shortcut located on the desktop of the computer.

**Television Remote Control  
Input Button**

### To use the Laptop:

- Attach the HDMI cable to your laptop.
- The switcher will automatically switch to the Laptop if detects a laptop connected.
